Our order: ABIS/2004/1719  
Your Ref: GEECO/APH/033.10:26 – VALUE USD: 790560.00  
Material: Hot End Heating Elements

Dear Albert;

As required I have gone through this order file.

This is an order we supplied to Ministry Of Energy – Kuwait (Al Zour South Power Station). We are happy to inform you that this order was supplied in time and was full satisfaction to the client. For your further information these were loaded in the Pre Heater which was perfect and intact on installation.

Upon enquiry our client intimated that these are functioning smoothly as on date and accordingly they have recommended our second offer to them which we have submitted on your behalf.

Best Regards

  
Isaac John
